

## \$99 VuNow PoD Now Available

### Watching Internet Videos Directly on the TV Becomes a Reality

**Mountain View, CA, December 23, 2008** – *Watch the world on your television.* Verismo Networks, the developer of the VuNow Internet TV platform, announced today that their long awaited \$99 VuNow PoD is now available online at [www.vunow.com](http://www.vunow.com). With partners like YouTube already on board, the VuNow delivers a world of Internet videos right to the television easily without the need for a computer.

Verismo's VuNow is the only solution that provides everything a consumer wants. Access to the broadest Internet content, simple to use, easy to install, and compact in size — all at an affordable price.

- A Standard Definition and a High Definition model of the VuNow PoD that can connect to any TV
- Support for wired or wireless Internet connectivity
- Navigation using a TV-friendly and intuitive User Interface
- Watch **YouTube™** videos on TV by categories
- Search for videos with the powerful built-in **Video Search Engine**
- Choose from a large selection of movies and download from **CinemaNow™** (Coming soon)
- Download videos using **BitTorrent™** protocol
- Watch videos directly from **popular websites** by categories
- Watch **Live TV Channels** from around the world
- Access to **Personal Media** such as video, music, and photos from the home network – stored on a PC, Networked Attached Storage device, or even on a connected USB storage device
- **No subscription fees**
